Superintendent
George Washington Memorial Parkway
U.S. Department of the Interior
National Park Service
c/o Turkey Run Park
McLean, Virginia 22101

Dear John:

As you remember, at the public meeting held at CIA on 28 June 1983, we agreed to provide for more direct involvement of local citizens in the road design effort accompanying our planned expansion. The purpose of this letter is to request the participation of your representative on an advisory committee consisting of CIA, McLean citizen, Park Service, and Virginia Department of Highways and Transportation representatives.

The purpose of the committee will be to ensure that all expressed concerns are being addressed in the traffic analyses and subsequent road design associated with CIA expansion. Since the Parkway capacity has been raised as one of the major issues, the direct involvement of the Park Service is highly desirable.

We look forward to working with your representative to identify the most acceptable road design.

Sincerely,
